Report On Cleaning Drive Programme

Date: 22-09-2018

Location: Gasbari, Morigaon

Cleanliness is an essential aspect of maintaining a healthy environment, and it plays a significant role in ensuring the well-being of individuals and communities. In recent times, there has been a growing concern about the need for cleanliness campaigns in different parts of the world. The cleanliness campaign in the community aimed to create awareness among residents about the importance of cleanliness in maintaining a healthy environment.

The campaign was organized by the Department of Computer Application, Morigaon College. The primary objective was to promote cleanliness and hygiene practices in public areas taking an essential step towards creating a cleaner and healthier environment for the residents.

There were total number of 17 students and the students were divided into groups for the cleanliness campaign. All the formed groups and the members who had participated in the campaign were provided with gloves and bio-degradable bags to fill the garbage. The cleanliness campaign also included an awareness program on plastic.

Report On Cleanliness Campaign

Date: 15-06-2019

Location: Sonarigaon, Morigaon

The Cleanliness campaign was organized by the Department of Computer Application, Morigaon College. The primary objective was to promote cleanliness and hygiene practices in public areas taking an essential step towards creating a cleaner and healthier environment for the residents. The cleanliness campaign in the community aimed to create awareness among residents about the importance of cleanliness in maintaining a healthy environment.

There were total number of 23 students and the students were divided into groups for the cleanliness campaign. All the formed groups and the members who had participated in the campaign were provided with gloves and bio-degradable bags to fill the garbage.

During the campaign, various activities were conducted to promote cleanliness and hygiene practices. The students cleaned the streets and public areas, removing litter and waste materials. The programs aimed to educate people on proper waste disposal practices, such as recycling and composting. The campaign also encouraged individuals to adopt personal hygiene practices such as washing hands regularly, especially before and after eating.
