**Workshop on entrepreneurship development in Sericulture**

**Date: 16/10/2019**

A one day workshop was organised by the Department of Botany on 16/10/2019 on the topic **Skill training programme in entrepreneurship development in Sericulture**at nooni bagan. 26 students of1st semester and 3rd semester students along with the faculty members Mr. JagatSaikia, Mrs. Ami Devi, and Mr. Ankur Borahof the department participated in the workshop. The main objectives of the workshop is to provide a vivid idea about various entrepreneurial opportunities in the sericulture industry viz. mulberry raising, disinfection, worm rearing and value addition of mulberry fruit. The resource person Mr. Jatin Das (Farm incharge), and Nripen Nath (Seri Inspector) provided students with practical demonstration of primary host plants like Som (*Persea bombycina*) and Soalu (*Litsea monopetela*) of Muga silk worm as well as Mulberry tree (*Morus spp.*) of mulberry silk worm. They also demonstrated different stages of muga silk worm larvae and elaborated the care that should be taken in their rearing.

The workshop transformed the minds of students to explore entrepreneurial opportunities and enriched experience for the students. The success of the workshop lies in the fact that it can undoubtedly contribute to the professional growth in the field of Botany and sericulture.

Workshop on Entrepreneurship

**Theme:Development of an agricultural farm - A step towards self sufficiency**

Date: 16/03/2019

Aone day entrepreneurship workshop on the theme "**Development of an agricultural farm - A step towards self sufficiency**" was organised by the department of Botany. Two leading entrepeneurs of Morigaon district Mr. Moni Medhi and Mr. Hitesh Deka, ownerof the Bogoribari Krishi Unnayan Committee were invited as resource person. A total no of 24 students attended the program. The event was started with a welcoming note and felicitation of the resource person with a fulam gamoosa and Japi by Mrs. Ami Devi.

The resource persons with Mr. Bilash Medhi jointly own an agricultural farm with an annual turnover of around 10-12 lakhs. The farm grows different varieties of capsicum, cabbage, broccoli, potato, varieties of cauliflower, bitter gourd, pumpkin, watermelons etc. The event aimed to provide insights into the entrepreneurial endeavors in the agricultural sector, with a focus on the successes of the resource person. Both speakers addressed the challenges faced by entrepeneurs in the agricultural sector such as market volatility, climate uncertainties and resource management. The workshop also stressed on the existing government initiatives and support programs for agricultural entrepeneurs. Participants gained insights into available subsidies, grants and schemes aimed at promoting innovation and sustainability in agriculture.

The workshop proved to be a valuable event for participants seeking to venture into the agricultural sector. The success stories of Mr. Moni Medhi and Mr. Hitesh Deka served as motivation for attendees, encouraging them to embark on their entrepreneurial journeys in the agricultural field.
