01	Environmental Awareness Programme, Charanbeel, Morigaon	Department of BCA	Extension Activity	17.07.2022

Report On Environmental Awareness Programme

Date: 17-07-2022

Location: Charan Beel, Morigaon

Environmental Awareness is meant to help social groups and individuals to acquire a basic understanding of environment and its associated problems.

The Computer Application Department, Morigaon College conducted an Environmental Awareness Programme on 17th July 2022. The programme was conducted at Charan Beel, Morigaon, Assam. The journey started at 10.00 AM from college campus with around 14 students of BCA 2nd semester along with the teachers of Morigaon College. We reached the spot around 10:20 AM. This spot is 10 Kms away from the college.

After reaching the spot, the students accompanied by the teacher supervisor observed and studied the Bio-diversity of the place and noted down the important observations. After lunch all the students were instructed to prepare a project report on the given topic and submit it to the coordinator within the stipulated time. We returned back at the college campus at around 4.00 PM.

Our study tour was very interesting, students interacted in a very well disciplined manner co-operated well with the teachers and over all the tour was a success.

Report On Environmental Awareness Programme

Date: 17-07-2022

Location: Tegheria, Sonapur

Environmental awareness is an integral part of the movement's success. By spreading awareness to others that the physical environment is fragile and indispensable, we can begin fixing the issues that threaten it.

The Computer Application Department, Morigaon College conducted an Environmental Awareness Programme on 17th July 2022. The programme was conducted at Tegheria, Sonapur, Assam. The journey started at 9.00 AM from college campus with around 18 students of BCA 2nd semester along with the teachers of Morigaon College.

We reached the spot around 10:15 AM. This spot is 45 Kms away from the college. After reaching the spot, the students accompanied by the teacher supervisor observed and studied the Bio-diversity of the place and noted down the important observations. After lunch all the students were instructed to prepare a project report on the given topic and submit it to the coordinator within the stipulated time. We returned back at the college campus at around 4.30 PM.

Our study tour was very interesting, students interacted in a very well disciplined manner co-operated well with the teachers and over all the tour was a success.

05	Cleanliness Program at Outside of Morigaon College	Department of Geography and Disaster Management	Extension Activity	18.11.2022

Cleaning Programme
Organized by
Department of Geography and Disaster Management
Morigaon College, Assam
 18th November /2022
Venue: In front of Morigaon College

An extension activity is a good way for students to relate the to pictorial themselves. In this way the to becomes more relevant and can make communication about the topic more meaningful. Students also tend to remember more when the language or topic is personalized. As simple extension activity would be to ask students their opinion about a topic.

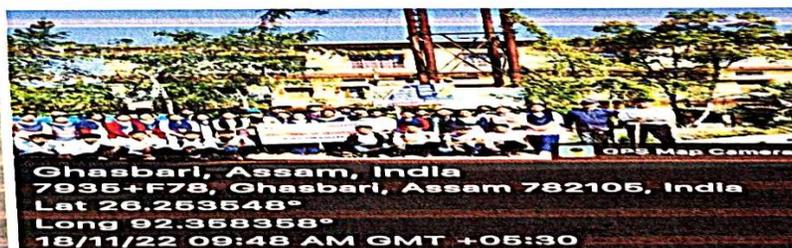

Cleaning is the process of removing unwanted substances, such as dirt, infectious agents, and other impurities, from an object or environment. Cleaning is often performed for aesthetic, hygienic, functional, environmental, or safety purposes. Cleaning occasion many different contexts, and uses many different methods. Several occupations are devoted to cleaning.

Considering the above a group of students of Geography and Disaster managements Department of Morigaon College led by Dr.HahIRam Lahkar(HoD),Mr.Rajib Malo,Mr. Jayanta kr.Das, and Miss Punam Jyoti Gogoi had cleaned the in front of Morigaon College gate and roads which are badly affected by unnecessary waste materials.

The students cleaned and acquainted themselves with the unnecessary waste materials and they were gained the knowledge about cleaning work.

Overall, the cleaning program is a fruitful one and all the students and faculty members of Geography and Disaster Management of Morigaon College had a productive learning and cleaning programme experiences.

Glimpses of the cleaning programme—

Report on
Motivation to use solar energy among community of Morigaon Town
by B.Sc. Honours students

Place: Ward No 7, Morigaon Town
Date: 27th January 2023

Introduction
 With modernization and technical development, demand for transportation is increasing day by day. In order to fulfill the transportation demand, utilization of fossil fuel based vehicles has been made in large scale for last few decades, across the globe. With the excessive use of this type of vehicles, the concentration of green house gases is also increasing, which is responsible for unwanted climate change. Due to environmental friendly behaviour, the electrical vehicles may be a standard alternative of it.

Program schedule
 Main objectives are as follows:
 * Motivate toward electrical vehicles
 * Drawback of ordinary non-electrical vehicles

Program outcome
 At the end of the program, following points have been recorded:
 * Villagers noted, the drawbacks of the non-electrical vehicles
 * The community people also promised utilization of electrical vehicles (as possible).

Feedback received
 The community peoples offered positive response for using electrical vehicles. According to them, quality of the program was excellent and at the same time this program may be helpful for creating a mind set toward green energy.

**Report On Cyber Crime Awareness
Date: 16-03-2023
Location: Near SBI, Morigaon**

The Department of Computer Application, Morigaon College organized a cyber crime awareness campaign. They organise street plays that give out important messages. The plays explain different types of cyber crimes taking place in the city and focus on the need to not share your details with anyone. Keeping in mind the alarming rate at which cyber crimes are taking place, the event was mainly intended to spread awareness especially among the youth who are most vulnerable to such malpractices.

Cybercrime is a crime that involves a computer and a network, the computer may have been used in the commission of a crime or it may be the target. Cybercrime may harm someone's security and financial health. There are many privacy concerns surrounding Cybercrime when confidential information is intercepted or disclosed, lawfully or otherwise. In a world where internet has become more of a necessity, proper guidelines for safe internet uses is a must, for this the department of computer application, Morigaon College came forward to share basic guidelines with people.

The students spoke about phishing, identify theft, online scams, and various other data frauds. They explained the threats that any normal internet user can experience and the precautionary measures that needs to be taken. They told about cited real events, cyber frauds that had taken place in and around the state/ country and explained how such mishaps can be avoided by being vigilant.

Report On Environmental Awareness Programme

Date: 25-03-2023

Location: Charan Beel, Morigaon

The Computer Application Department, Morigaon College conducted an environmental awareness programme on 25th March 2023. The programme was conducted at Charan Beel, Morigaon. Environmental Awareness is the awareness that the earth is in need of protection for its survival. Along with this, the term "environmentalism" is an ideology that humans are responsible to protect and preserve the environment from human-caused afflictions. Earth was correlated to a parent who forgives and continuous to provide irrespective of every cruel act the child has committed. The increase in pollution, dumping of wastes and overexploitation are major causes for natural disaster.

The properties used for the promotion was made from recycled waste. The major prop made was a blue whale which is an endangered species. It depicted the major harm done to animals due to dumping of plastic wastes. It reminds about the urgent need for protecting the environment. The promotion ended by reminding our responsibility to protect the environment and to create a world free of pollution.

Report on Impact of Cyber Crime

Date: 01-04-2023

Location: Panimur, Dima Hasao

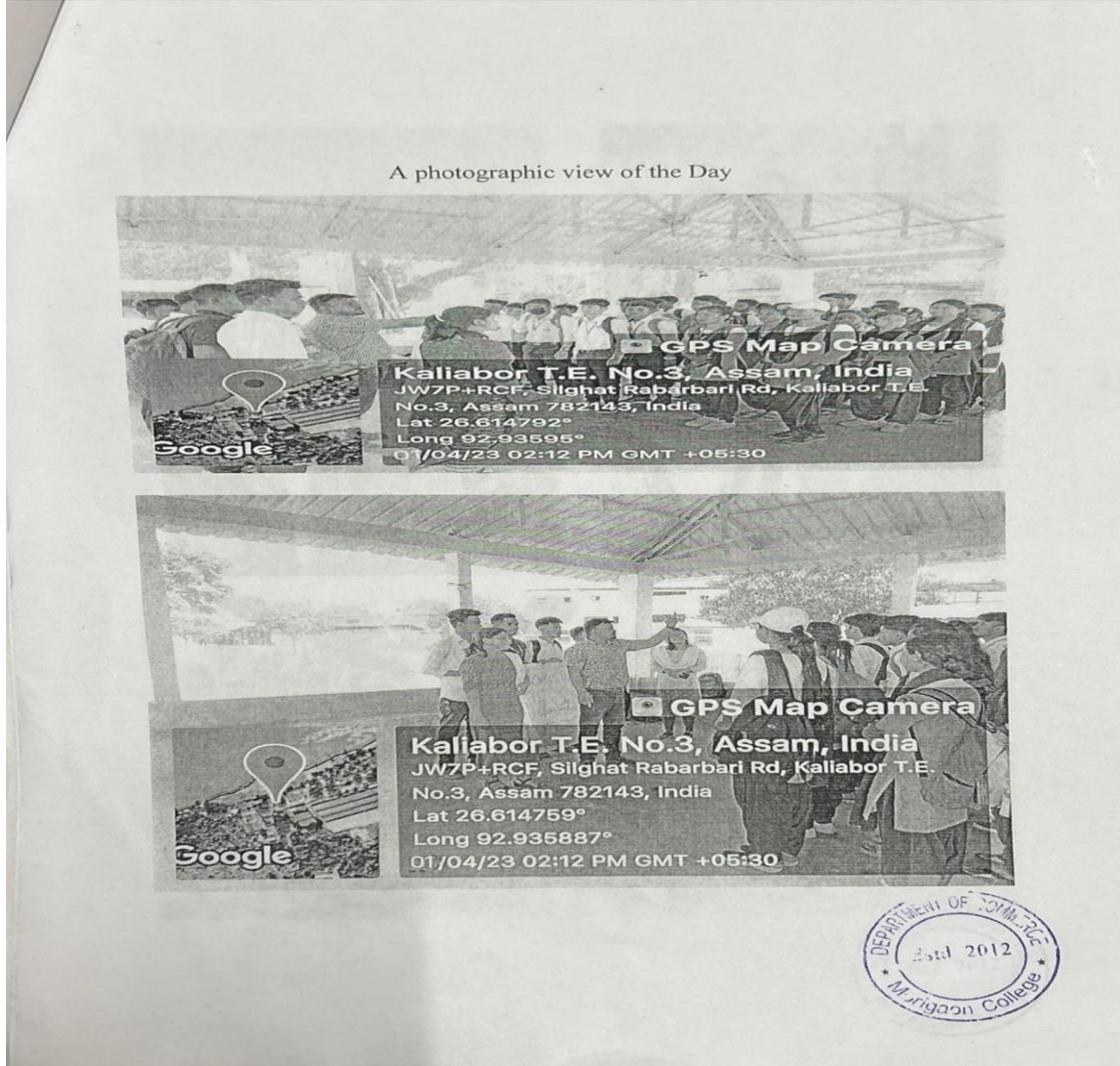

The Department of Computer Application, Morigaon College organized a cyber crime awareness campaign. Keeping in mind the alarming rate at which cyber crimes are taking place, the event was mainly intended to spread awareness especially among the youth who are most vulnerable to such malpractices. In a world where internet has become more of a necessity, proper guidelines for safe internet uses is a must, for this the department of computer application, Morigaon College came forward to share basic guidelines with the village people of Panimur.

The students spoke about phishing, identify theft, online scams, and various other data frauds. They explained the threats that any normal internet user can experience and the precautionary measures that needs to be taken. They told about cited real events, cyber frauds that had taken place in and around the state/ country and explained how such mishaps can be avoided by being vigilant.

Cleanliness drive by Morigaon College NCC Unit, NSS and Global Warming society. In 14th & 15th octbor, 2022 Morigaon District festival was celebrated. Thousands of people gathered on District festival. The district festival includes textile fairs, craft fairs, food stalls and book fairs. Plastic pollution occurred at Gandhi Field during the two-day District Day, and the field was very dirty after the festival. So Morigaon College tried to make a plastic free field. The Commissioner of Morigaon also joined the campaign. He thanked all those who joined in the great community service.
