Date: 17-04-2023

A workshop on "Entrepreneurship Development through Robotics" was held on 17-04-2023 at the AKG Hall, at 11:30 PM, organized by Department of Physics and Computer Applications, Morigaon College. The inaugural lecture is delivered by Dr. Lila Kanta Barthakur, Principal, Morigaon College. The resource person of the workshop was Siddhartha Sen and his team from Yuvaan Educative LLP, Silpukhuri, Guwahati. The Workshop started with introduction of Robotics, they also demonstrated the conception, design, manufacture and operation of robots. About 35 nos. of students from Computer Applications department had participated in the workshop.

Robotics is an interdisciplinary branch of engineering and science that includes mechanical engineering, electronic engineering, information engineering, computer science, and others. Robotics deals with the design, construction, operation, and use of robots, as well as computer systems for their control, sensory feedback, and information processing. Robotics is everlasting and ever growing field of technology. Modern Robotics finds endless applications in

present day lives. From educational institutions to industries, from commercial to defense, various types of robots are being deployed to handle several tasks where human can't reach or persist. Today, robotics is a rapidly growing field, as technological advances continue; researching, designing, and building new robots serve various practical purposes, whether domestically, commercially or militarily. Robotics is also used in Science, Technology, Engineering, and Mathematics as a teaching aid.
