

REPORT ON WORKSHOP ON ENTREPRENEURSHIP DEVELOPMENT IN THE FIELD OF CYBER SECURITY

25th November, 2022

Time: 10:00 AM to 12.30 PM

Organized by Department of Computer Applications

In this digital world, where people are increasingly wired to social media and the internet, the concerns of cyber security, cyber bullying and cyber hygiene are pertinent. With this notion, the Department of Computer Application, Morigaon College, hosted a workshop on "Entrepreneurship Development in the field of Cyber Security" which is held on 25-11-2022 at the Department of Computer Applications at 10:00 AM. The workshop commenced with the invitation of the guests and dignitaries to the dais by Mr. Bulbul Das, Head, Department of Computer Applications. The program was chaired by Dr. Hemalata Sarma, Hon'ble Vice-Principal of Morigaon College. The Chairperson, Resource person and other guests were duly felicitated with "Phulam Gamucha" by the faculty members of the Department of Computer Applications.

After that, the inaugural lecture is delivered by Dr. Hemalata Sarma, Vice-Principal of Morigaon College. The speech emphasized on the prospects of entrepreneurship and its necessity in the state and especially in Morigaon region for future development. He ended his speech with the invitation to the guest speaker for presentation on the topic.

The presentation by the resource person Ponkhi Bonikya, Assistant Professor, Department of Computer Applications, Morigaon College comprised of a brilliant interactive lecture on Cyber Security. Workshop started with introduction to what is cyber crime, why we need cyber security. Participants registered from final years and Pre final years. Due to limitations of the computer lab used, many participants were unable to participate.

This session began with discussion about the latest cyber crimes being committed around the country. The workshop aimed to provide participants with in-depth knowledge and practical experience in various aspects of cyber security. The topics covered during the workshop included a recap of basics with Kali Linux, hands-on sessions on website penetration testing, and an introduction to network security using tools. They also raised awareness and educated students
