Subject: Request for seeking permission to organize workshop on
"Exploration of diverse edible fruits of Tripura for nutritional value"

Respected Sir,

It is for general information that department of Botany is organizing a one day workshop on "Exploration of diverse edible fruits of Tripura for nutritional value" on 10th March, 2023. Mr. Suresh Biswas, Scientist, Tripura Krishi Vigyan Kendra will be present as resource person in the programme. Therefore I would like to seek your due permission for the programme.

Thanks and Regards

WORKSHOP ON EXPLORATION OF DIVERSE WILD EDIBLE FRUITS OF TRIPURA FOR NUTRITIONAL VALUE

Date: 10/03/2023

A one day workshop was organized by the Department of Botany in collaboration with Department of Zoology, on 10 March 2023 in the smart classroom of department of Zoology, Morigaon College to aware the students about the diverse **research areas** on various wild edible fruits and their importance in today's world of industrialization. A total of 114 honors students of both botany and zoology departments were present together with 06 nos. of faculty members.

As the need for agricultural products are increasing, the requirement for identifying newer marketable fruits and vegetables is also rising. Wild edible fruits are very rarely studied and documented and there is an enormous possibility of research on these wild edible fruits for their domestication as a nutritious food source. Mr. Suresh Biswas, Scientist, Tripura Krishi Vigyan Kendrawas invited as resource person. He is an alumnus of Morigaon College and has been studying on wild edible fruits consumed in various parts of Tripura state. The key session of the workshop includes identification and classification of wild edible fruits, nutritional analysis, medicinal properties, cultural and indigenous knowledge, climate change resilience and patentability. The workshop provided a platform for interdisciplinary discussion on the importance of preserving and harnessing the potential of wild edible fruits for the benefit of both ecosystem and human well-being.
