### **A brief discussion and Interactions:**

In the series of various academic activities departmental one day workshop was presented by the department of Chemistry, Morigaon College on **5<sup>th</sup> April' 2023** at 11am to 2 pm.

The presentation of topic entitled "**Organometallic Chemistry: Contribution of Undergraduate Research**" by **Dr. Subhasish Roy, Associate Professor, Department of Chemistry, Donbosco University, Assam**".

The faculties present from Morigaon College, Jagiroad College and Students from Science and commerce streams were actively present for the workshop. The workshop was conducted in the seminar hall and it commenced sharp at 11am. The faculty from the department of chemistry welcomed everyone and gave a brief introduction about the subject.

Dr. Roy gives brief discussion on contribution of undergraduate level research to synthesis of Organometallic compounds. The work at the colleges across the North America has created transformative experience, providing a natural incubator for the next generation of organometallic chemists. He also gives a few most important reactions for synthesis of organometallic compounds and contributions from undergraduate level research from various colleges of North America. He also covered on his lecture on topical areas of focus are also incredibly diverse, tapping into coordination chemistry, electro catalysis / electrochemistry, main group studied, material science, and small-molecule activation.

Total 42 were present for the seminar and among them 32 nos. students. There attendance sheet is attached in a separate sheet attached with the file.
