Report

As part of their curriculum the students of economics have to undergo a survey on any topic and prepare a survey report on it. For this purpose learning about research methodology is an essential part of the course. Some basics of research methodology is needed by the students to successfully conduct their survey report. The Department of Economics organised a one day workshop on "Research Methodology" for the undergraduate students, where Dr. Rehena Ahmed, Associate Professor of Economics, delivered a very nice speech on research methodology. She discussed about the basic concept of research, how it is conducted, sampling and its different techniques, quantitative methods etc. She tried to incorporate as much as she could on methodology. The students interacted with her and cleared their doubts.

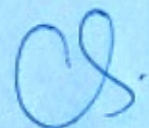

Feedback: All the students actively participated in the workshop and interacted with the resource person. The feedback was positive.
