Topic: Strategies for Successful Fish Farming and Entrepreneurship (ENT)

Resource person: Prof. Dandadhar Sarma, Gauhati University

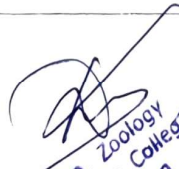

Date: 12/05/2019

A workshop on the topic "Strategies for Successful Fish Farming Entrepreneurship" was organized by the Department of Zoology, Morigaon College on 12.05.2019. Prof. Dandadhar Sarma, Department of Zoology, Gauhati University was present as the resource person. Graduating students and those pursuing a Master's in Science (M.Sc) can venture into fish farming which can present a promising pathway that blends scientific knowledge with entrepreneurial acumen. This report navigates the strategies essential for successful fish farming entrepreneurship. It explores the intricacies of aquaculture, emphasizing the significance of selecting suitable fish species, optimizing water quality, and employing sustainable farming practices. Moreover, the report delves into market analysis, encouraging students to understand consumer preferences, identify niche markets, and develop effective marketing strategies. From incorporating technological innovations to implementing efficient management practices, students are urged to adopt a holistic approach. The report serves as a guide, equipping aspiring entrepreneurs with the requisite skills to not only cultivate a thriving fish farming enterprise but also contribute to sustainable food production and economic growth. By bridging scientific expertise with entrepreneurial flair, graduates can play a pivotal role in addressing food security challenges and fostering innovation in the aquaculture industry.
