## INTERNATIONAL WEBINAR

Topic: Climate Change: Lessons and Actions

Organised by Department of Zoology, Morigaon College

Resource person: Dr. Bidyut Bikash Goswami

Date: 20/07/21

Link: <https://meet.google.com/mwo-rdrc-upf>

An International webinar was organized by Morigaon College on 20<sup>th</sup> July, 2021 on the Topic "Climate Change: Lessons and Actions". Against the backdrop of the Covid-19 pandemic, this international webinar convened to deliberate on the pertinent theme of "Climate Change: Lessons and Actions." This virtual gathering attracted a diverse audience of participants, including experts, policymakers, and activists, from around the globe. A total of 75 participants attended the webinar. The discussions centered on the lessons gleaned from the pandemic and their applicability to addressing the urgent challenges posed by climate change. Presenters underscored the need for resilience, adaptation, and sustainable practices in the face of environmental crises. The webinar provided a unique platform for cross-cultural exchange of ideas and best practices, emphasizing the interconnected nature of global climate issues. Attendees explored actionable strategies to combat climate change, recognizing the imperative for international collaboration and cooperation. Despite the constraints imposed by the pandemic, the virtual format allowed for broader participation, fostering a sense of shared responsibility and commitment to collective action in the pursuit of a sustainable future.

## Morigaon College organises international webinar on climate change

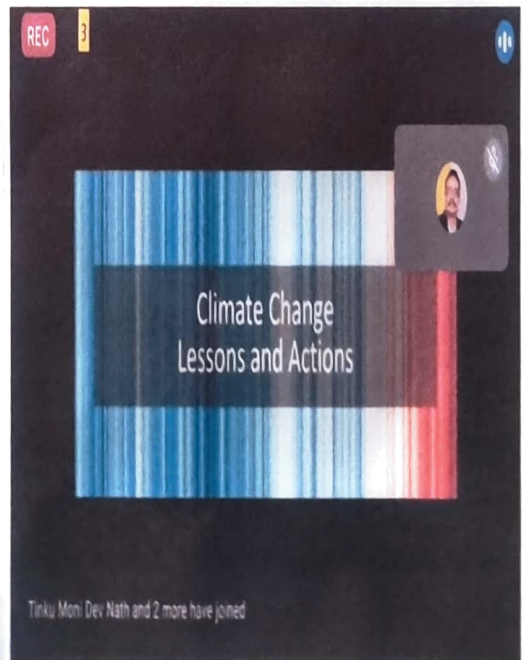

**III Correspondent**  
**MORIGAON, July 12** An international webinar on Climate change: Lessons and Actions was held at Morigaon College on July 10 last. Organised by the department of Zoology, Morigaon College, in collaboration with the department of Zoology, Gandari University and Zoological Society of Assam the webinar was inaugurated by Dr. Lila Kanta Borahkar, principal, Morigaon College.

Dr. Bidyut Bikash Goswami, a young scientist cum research professor working on "Irreversible Climate Change Research Centre", Yonsei University, Seoul, South Korea attended the webinar as the invited speaker. After much re-

search work in the field of Atmosphere, Space Science as a Postdoctoral Fellow and Post-doctoral associate in different parts of the world like Canada and the Middle East, Goswami has extensive knowledge of Climate Science.

In his speech, he talked about what are the causes of climate change and the increase in temperature in our world and how it can impact our livelihoods in the near future, and what we can do to minimise it. He also talked about foreign countries like Canada, South Korea, the Middle East where he spent many years as a scientist, how they maintain the garbage and how the people are always supportive of the government.
