NOTICE

It is general notice for all at the students that department of zoology is going to organize a National Workshop on "Mastering Mouse Handling and Conducting Effective Experiments: A Workshop on Model Organism Care and Research Techniques" on 24/12/22, at the departmental seminar hall at 10:00 am.

All the students are requested to attend the program positively.

Thanking you

To
The Principal
Morigaon College

Subject: Permission for organizing Workshop

Respected Sir

With due respect I beg to inform you that department of Zoology will organize a Workshop on the topic "**Mastering Mouse Handling and Conducting Effective Experiments: A Workshop on Model Organism Care and Research Techniques**" at departmental seminar hall at 10:00am on 24/12/22 with the presence of distinguished resource person **Hena Parbin**.

So, I therefor request you to allow us for organizing the Workshop and obliged.

Thanking you

Yours Sincerely

22/12/2022

To,
HENA PARBIN

Subject: Invitation as resource person for the Workshop

Sir/Ma'am, I am pleased to inform you that you are invited as the resource person for the Workshop "Mastering Mouse Handling and Conducting Effective Experiments: A Workshop on Model Organism Care and Research Techniques." To be held on 24/12/22.

You are there for cordially requested to extend you kind help and cooperation for the smooth conduct of said Workshop.

Topic: Mastering Mouse Handling and Conducting Effective Experiments: A Workshop on Model Organism Care and Research Techniques (RM)

Resource person: Hena Parbin, Research Scholar, Gauhati University

Date: 24/12/22

The "Mastering Mouse Handling and Conducting Effective Experiments" workshop catered to the specific needs of graduation and master's degree students in the biological sciences, offering a focused and practical approach to model organism care and research techniques. The workshop commenced with a thorough introduction to the pivotal role of mice as model organisms, providing participants with context for the subsequent sessions. Hands-on training in mouse handling techniques, coupled with insights into ethical considerations and regulatory compliance, formed the core of the program. Graduation and master's students were exposed to advanced topics such as genetic manipulation, breeding strategies, and behavioral studies, enhancing their proficiency in utilizing mouse models for research. The workshop's emphasis on real-world case studies and success stories bridged the gap between theory and application, preparing students for the challenges of conducting effective experiments. This workshop not only equipped participants with practical skills but also instilled a sense of responsibility in conducting research ethically, laying a strong foundation for their future endeavors in academic and research pursuits.
